

FRAME Fundraising Volunteer

What will you be doing?

FRAME has a great foundation of Legacy and Corporate fundraising with a lot of potential to expand. In particular we feel there are opportunities to cultivate relationships with new Corporate partners and relevant Trusts and Foundations. We want to ensure we are approaching potential funders that connect with our cause and share our values so we are looking for a fundraising volunteer who can research suitable Corporates, Trusts, Foundations and Statutory opportunities for FRAME. This will be desk-based work following a spreadsheet research template.

What are we looking for?

We are looking for someone with an interest in fundraising, prospect research and the work of FRAME. No prior experience of prospect research is necessary but this activity will need an inquisitive mind, an eye for detail and an understanding of the ways that publicly available, online information can be accessed.

What difference will you make?

You will help us target our fundraising efforts, making sure we are speaking to the right organisations who believe in our cause and can help us get a step closer to our vision of a world where no-animal methods are considered scientific best practice.

What's in it for the volunteer?

We will provide on-task training and guidance in prospect research, insight into fundraising for a small charity and are happy to support on additional personal development goals of the volunteer should they be feasible.

Time

The timing for this project is flexible and ongoing, we would recommend 2-4 hours a week as a minimum commitment.

Location

Anywhere

How to apply

To apply for the role please contact catriona@frame.org.uk with a brief email and a current CV. If you have any questions, please feel free to get in touch

Deadline

Monday 15 March 2021
