

FRAME Innovation Grants Stage 2 Application Form 2024

Please complete this form as indicated. You will find some areas pre-populated (shaded green) with the information you provided during Round 1 of the application process. **Please do not delete this information, but if you have anything to add to these, please take the opportunity to do so.**

Completed applications need to be sent to: juliet@frame.org.uk by midnight on **Sunday 24th September 2024**, along with supporting documents (please refer to the checklist on the last page).

- A4 2 page CV of lead researcher (and other key researchers on project).
- Evidence of contract at eligible organisation (This can be an email from a relevant contact).
- A referee supporting statement/letter for the lead applicant including referee contact details.

You will be sent a confirmation email to say your application has been successfully received. If you do not receive this email, please contact us to ensure that we have received your application.

Lead Applicant Contact Details	
Title:	
First name:	
Surname:	
Telephone Number:	
Email Address:	
Position:	
Organisation:	
University Department Address:	
Project Details	
Project Title:	
Proposed Start Date:	
Proposed End Date:	
Lay Summary	

Project Description You provided a Lay Summary (above) in Round 1, now please detail the full proposal for the project. Please ensure to include:	
Background and rationale; description of the hypothesis, problem or idea including an evidence base, link to previous projects or current scientific knowledge. (Including references where relevant)	
Aims & objectives.	
Proposed experimental plan, methods, and data analysis techniques.	
Risk assessment, ethical considerations or approvals required and their status.	
Detailed budget breakdown (not to include salaries).	
Timeline or Gantt chart including milestones. <i>You may add detail within the textbox, or attach/link a separate document</i>	

Project Impact	
<p>How is the project innovative?</p>	
<p>Outline the potential for this project to impact on the advancement of alternatives to animals/new approach methodologies</p>	
<p>Outline the potential for this project to impact on the reduction and replacement of animal use</p>	
<p>Potential further impact including how findings will be disseminated and proposed next steps (including further research).</p>	

Animal-derived Products	
<p>FRAME does not fund any project that requires the use of live animals.</p> <p>Please clearly state any proposed use of animal tissue, cells or animal-derived products (including Foetal Bovine Serum/Foetal Calf Serum or animal-derived antibodies).</p>	
<p>Please provide a justification for using animal-derived products in this project.</p> <p>If you believe that no alternative to the specified animal-derived product exists, we will discuss with you how this may be overcome.</p>	
Other sources of funding	
<p>Have any other grant applications been made for this project?</p> <p>If yes, please provide the details of the other applications.</p>	<p>YES/NO</p>

Collaborators	
<i>Please give the name, position and contact details of any collaborators or partners on your proposed project</i>	
Title:	
Forename:	
Surname:	
Position:	
Email Address:	
University Department Address:	
Applicant Declarations	
I confirm that to the best of my knowledge, the information given is accurate and true, and I give my consent for my personal data to be processed within the terms of the General Data Protection Regulation (GDPR) 2018.	
Signature:	
Date:	

Successful applicants will need to agree to the [FRAME Terms & Conditions](#). This is available to view on the FRAME website. This will need to be signed by successful applicants, and another representative from the institution.

When this form is completed and signed, it should be emailed to juliet@frame.org.uk. For postal details or queries please get in touch with Juliet via email.

FRAME Innovation grants stage two application checklist.

(Applications not including the specified information will not be considered.)

There is no set length for these full applications however please be as concise as possible. They must include at a minimum the information specified in this checklist, and the requested supporting documents

Supporting Documents

1. Names and contact information for lead applicant, main project researchers or supervisors.
2. A4 abridged CV of lead researcher (and other key researchers on project).
3. Evidence of contract at eligible organisation (This can be an email from a relevant contact).
4. A referee supporting statement/letter for the lead applicant including referee contact details.

Please note: We will also require a signed copy of the FRAME Innovation Grant Terms & Conditions by the Host institution if a grant is offered.

Application:

5. A summary of the hypothesis, problem or idea including an evidence base, link to previous projects or current scientific knowledge. (Including references where relevant)
6. Aims & objectives.
7. A lay summary of the project proposal and expected outcomes.
8. How the project fits with the purpose of the Innovation grants and FRAME judging criteria, including how the findings may impact the replacement of laboratory animals.
9. Proposed experimental plan, methods, and data analysis techniques.
10. Timeline or Gantt chart.
11. Potential impact including how findings will be disseminated and proposed next steps (including further research).
12. Detailed budget breakdown (not to include salaries).
13. Risk assessment including ethical considerations/approvals and status.

OTHER

14. List of collaborators and funding streams.
